

Increase Park Size

- Previous park size = 1,140 acres
- Addition to park = 1,005 acres
- New park size = 2,145 acres

Construct Trail

- MoDOT constructed an asphalt trail around Creve Coeur Lake
- A separated lane carries the trail across the Missouri River along the westbound bridge and connects to the Katy Trail

Other Park Amenities

- 13 multi purpose athletic fields and a parking lot for field users and spectators.

Lake Dredged

- Dredge the lake and provide a siltation lake to eliminate the need for future dredging
